**Subject:** Join Me in Walking for Hope and Life

Hi friends and family,

On **Saturday, June 27**, I'll be joining hundreds of others for the second annual [PNW Walk for Life](#)—a powerful event that raises funds to support women, children, and families in our region who are navigating unexpected or unsupported pregnancies.

Every day, women in our communities experiencing unsupported pregnancies face incredibly hard decisions. Some feel alone. Some are overwhelmed. Some are unsure of where to turn. That's why this Walk matters.

I'm walking because **every woman deserves a safe, compassionate place to receive life-affirming support**. At Care Net of Puget Sound, that's exactly what women find. They're offered free medical services, mentoring, parenting support, baby supplies, post-abortive support and most importantly—hope.

Just last year, Care Net of Puget Sound served almost 15,000 people. You can learn more about their life-changing work at [supportcnps.org](http://supportcnps.org).

This work is close to my heart.

**Will you join me by sponsoring my walk?** Your gift of \$25, \$50, \$100—or any amount—helps ensure women in our area have the support they need to confidently choose life. My personal fundraising goal is to raise [insert personal fundraising goal], every dollar going directly to bringing hope to women in the Puget Sound.

You can give today at the link below!

[Insert your personal fundraising link here]

Together, we can build a community where life is affirmed, women are supported and families are strengthened.

Thank you for making a difference!
