Subject: Help Me Celebrate Life—Meet Ella and Her Daughter

Hi friends,

I want to tell you a story that's stuck with me.

Ella was a junior in high school when she found out she was pregnant. Overwhelmed and afraid, her boyfriend immediately began pressuring her to have an abortion. But instead of giving in to fear, Ella pulled out her phone and found **Care Net of Puget Sound**.

With the help of Care Net's compassionate team, Ella received the support she needed to choose life and receive support for her parenting journey. Today, her little girl is a thriving 3-year-old, and Ella is filled with gratitude for the help she found when she needed it most.

Ella says it best: **"By donating you are changing lives for the better."** [You can watch Ella's full story here.](#)

On Saturday, June 27, I'm participating in the **PNW Walk for Life** to help raise funds for moms like Ella, babies like her daughter, and families across our region who need hope and real support in their moment of need.

Every dollar raised helps provide:

- Free pregnancy testing and ultrasounds
- Parenting classes and mentoring
- Baby essentials like car seats, diapers, and formula
- Childbirth Education, life-affirming referrals and more!

All at no cost to the families—thanks to people like you. You can learn more about Care Net of Puget Sound's life-changing support on their website [here](#).

Would you consider sponsoring me with a gift of \$25, \$50, \$100 or more? My goal is to raise [Insert personal fundraising goal] and your donation toward my goal goes directly to providing support to more women like Ella.

You can sponsor me below!

[Insert your personal fundraising link here]

Together, we can support life, provide care for women in need and be a voice for the most vulnerable.

Thank you for standing with me!
